### QUALITY AND SAFETY OF SERVICE

<b>Individual with overall responsibility and accountability</b>	Ms Mona Baker
<b>Title</b>	Site CEO, CHI at Temple Street
<b>Telephone</b>	01 878 4230/ 01 878 4232

## AIMS AND OBJECTIVES

1. We aim to ensure high quality, safe and effective care and environment within a continuous improvement framework
2. We aim to provide child centred services that are holistic, accessible, appropriate and safe for children within catchment area and available resources and in collaboration with parents, carers and service users
3. We aim to proactively manage scheduled and unscheduled activity levels in line with resource allocation and agreed activity levels to meet national targets

## SERVICE USER POPULATION

CHI at Temple Street (formerly known as Temple Street Children's University Hospital), founded in 1872 is an acute paediatric hospital serving some of Ireland's sickest children. It provides a full range of inpatient and outpatient referral and care services, including paediatric critical and intensive care, on a regional and national basis. Please see [www.cuh.ie](http://www.cuh.ie)

National specialities include;

- Cleft Lip and Palate
- Cochlear Implant – Shared Care with Beaumont Hospital
- Irish Paediatric Acute Transport Service (IPATS)
- National Airway Management Centre
- National Centre for Inherited Metabolic Disorders (NCIMD)
- National Centre for Paediatric Ophthalmology
- National Meningococcal Reference Laboratory (NMRL)
- National Newborn Bloodspot Screening Laboratory (NNBSL)
- National Paediatric Craniofacial Centre (NPCC)
- National Paediatric Haemodialysis and Transplantation Programme
- Neonatal Surgery
- Neurosurgery (for under six year olds)
- Paediatric Intensive Care Unit (PICU)

Other major specialties include;

- Dermatology
- Diabetes
- Endocrinology
- Orthopaedics

## SERVICE DELIVERY MODEL

Services are provided in accordance with a HSE Service Level Agreement (Section 38 Health Act - Acute Hospitals Service Schedule) and CHI and an annual budget is allocated to Temple Street by CHI

Services are provided in line with national, regional and CHG strategies including clinical care programmes.

Relevant clinical care programmes include;

- Asthma
- Audiology (BAHA - Bone Anchored Hearing Aids)

- Blood Transfusion
- Cystic Fibrosis
- Diabetes
- Emergency Medicine
- Epilepsy
- Neurology
- Outpatient Antimicrobial Therapy (OPAT)
- Paediatrics and Neonatology
- Transport Medicine

## MISSION STATEMENT

Children's Health Ireland

**In Living our VALUES, we will be:**  
Child-centred, Compassionate, Progressive and we will act with Respect, Excellence and Integrity

**Our VISION is:**  
Healthier children and young people throughout Ireland

**Our MISSION is:**  
To promote and provide child-centred, research-led and learning informed healthcare, to the highest standards of safety and excellence. We do this in partnership with each other, with children, young people and their families through a network of children's services in Ireland

\*CHI Values, Vision and Mission were developed and agreed as part of a Cultural Analysis process with the Boards and staff at the three children's hospitals in 2015

**Crumlin | Temple Street | Tallaght | Connolly**

## STAFF

We endeavour to provide a work environment that is characterised by open and honest communication, respect, fairness, pride and camaraderie, professional ethics and integrity, and ample opportunities for professional development. We are dedicated to providing a work environment with state-of-the-art facilities, advanced technology, outstanding professional support and an atmosphere that advances high quality patient care, medical education and research.

In this regard we have made a number of commitments to our staff in our Code of Conduct (*Q-Pulse ref. PP-ORG-GEN-043*) which include a commitment to our employment practices, to dignity at work, to equality, to protected disclosure, to training and development, to performance and development planning, to occupational health and to the health and safety of our employees.

## FACILITIES/LAYOUT

CHI at Temple Street (formerly known as Temple Street Children's University Hospital) founded in 1872 is an acute paediatric hospital serving some of Ireland's sickest children. It provides a full range of inpatient and outpatient referral and care services, including paediatric critical and intensive care, on a regional and national basis.

Please see [www.cuh.ie](http://www.cuh.ie)

The buildings on site range in age, from 1795 to the present and comprise a variety of buildings ranging from Georgian Houses, purpose built 1930's and 1940's accommodation to recently erected modular buildings. The hospital has undertaken an extensive refurbishment programme over past few years to upgrade in-patient / ward facilities, enhance isolation facilities and extend OPD facilities to accommodate new service developments.

## SERVICES

The services provided or facilitated by CHI at Temple Street to meet care and support needs include;

- 24/7 Emergency Department (ED)
- In-patient medical and surgical wards (scheduled and unscheduled care)
- Critical care
- Day Ward (scheduled and unscheduled care)
- OPD (Outpatients Department) including a full range of OPD Consultant led, nurse led and HSCP services including audiology, social work, psychology, physiotherapy, SLT (Speech and Language Therapy), OT (Occupational Therapy), dietetics, chaplaincy and play specialists (Please see Table 1 below)
- Full range of Laboratory services
- Radiology services including routine x-rays, CT scans, Ultrasound and MRI.

**Table 1:**

Services provided	Service description
Audiology	<p>The Audiology Department based in St Frances Clinic, CHI at Temple Street offers a service to inpatients and outpatients who present with a wide range of communication and hearing disorders.</p> <p>The Audiology Department provides diagnostic assessments and a Bone Anchored Hearing Aid (BAHA) service.</p> <p>The aim of the diagnostic service is to carry out assessments that will:</p> <ol style="list-style-type: none"> <li>1) detect hearing impairment that could significantly impact on a child's ability to communicate</li> <li>2) out-rule hearing impairment as the primary reason for significant communication difficulties</li> </ol> <p>The aim of the BAHA service is to provide an intervention that will improve access to speech sounds, for children that have problems with the function of the outer or middle ear, but good inner ear and nerve function.</p> <p>Please see <a href="http://www.cuh.ie/audiology-children-families/">www.cuh.ie/audiology-children-families/</a></p>

## ORGANISATIONAL STRUCTURE

The CHI Executive meets weekly to strategically manage cross city services issues, performance management across the group, as well as, to ensure there is a coordinated approach to work undertaken across the entire CHP programme as it moves into implementation phase, and to improve communication across CHI.

It also enables CHI to forward plan, become more proactive and respond to events in a planned and agreed way. The Executive meets weekly with attention paid to four main foci, each assigned to a week per month:

- Business-as-Usual: Services / Operations / Clinical Directorates
- Strategic planning/ Commencement/ Hot topics/ Issues arising
- Performance Management: Access / HR / Finance/ Quality & Patient Safety / Service User
- Programme Implementation / Operational Commissioning / Equipping / ICT

- Sean Walsh- Site CEO, Crumlin
- Dr Ciara Martin -Paediatric Executive Lead, Tallaght and Connolly
- Joe Gannon – Chief Operations Officer (COO), CHI
- Stephen Flanagan – Chief Financial Officer (CFO), CHI
- Grainne Bauer- Chief Director of Nursing (CDoN), CHI
- Deirdre Hegarty- Director of Operational Commissioning, CHI
- Trevor Murphy – Director of HR
- Dr David Vaughan- Director of Patient Safety and Quality, CHI
- Dr Peter Greally- Chief Clinical Director, CHI
- Dr Paul Oslizlok- Clinical Director, Crumlin
- Dr Adrienne Foran -Clinical Director, Temple Street

**Non Core - attend the Programme Implementation meeting and other meetings as requested:**

- Michael Riordan- Chief Clinical Information Officer
- TBC - ICT Programme Director
- Phil Welsh -Director of Strategic HR, Organisational Development and Change Mgmt
- Fran Hegarty -Chief Health Technology Officer
- Dr Emma Curtis- Medical Project Director, NPHDB
- Deirdre Coakley- Nurse Project Director, NPHDB
- Dr Turlough Bolger, Clinical Director, Tallaght

## AGE RANGE AND SEX OF PATIENTS FOR WHOM IT IS INTENDED THAT SERVICES SHOULD BE PROVIDED

CHI at Temple Street provides a service for scheduled, unscheduled and tertiary medical/surgical patients, ranging in age from birth to 15 years inclusive (i.e. up to the eve of their 16<sup>th</sup> birthday) for both public and semi-private patients and prioritised according to clinical need. In exceptional circumstances, services will be provided to children over the age of 16 years at consultant request. Ref: Admission Policy (*PP-ORG-GEN-033*)

## CRITERIA USED FOR ADMISSION TO TEMPLE STREET, INCLUDING POLICY AND PROCEDURES FOR EMERGENCY ADMISSIONS

Care is provided to patients and their families in accordance with the CHI Values, Vision and Mission Statement and in line with best practice. Admission and discharge of patients is managed in line with procedure set out in the Admission and Discharge Policy (*PP-ORG-Gen-033*).

This policy provides a seamless process to the admission and discharge of all patients requiring our service. It provides direction to staff to ensure equity of access and quality of care to all patients and their families during the admission and discharge process.

## ARRANGEMENTS FOR PATIENTS TO ENGAGE IN SOCIAL ACTIVITIES, HOBBIES AND LEISURE INTERESTS

- School
- Playroom
- Multi-Sensory Room
- Artist-in-Residence

## ARRANGEMENTS FOR PATIENTS TO ACCESS EDUCATION

A Department of Education Hospital School and ward based satellite classrooms are provided.

## FIRE PRECAUTIONS AND ASSOCIATED EMERGENCY PROCEDURES

A major Emergency and major Internal Incident plan is in place

## THE ARRANGEMENTS MADE FOR PATIENTS TO ATTEND RELIGIOUS SERVICES OF THEIR CHOICE

CHI at Temple Street has a hospital chapel and multi-faith room. Please see Chaplaincy Services Policy (Ref.: *PP-CLIN-CHAP-001*).

## THE ARRANGEMENTS MADE FOR CONTACT BETWEEN PATIENTS AND THEIR PARENTS/ CARERS , RELATIVES AND FRIENDS

The CHI at Temple Street Visiting Policy (*PP-ORG-GEN-12*) is available on Q-Pulse System to all staff, and to patients/parents/guardians upon request.

## ARRANGEMENTS FOR DEALING WITH COMPLAINTS

The Complaints Management Policy (*PP-ORG-RISK-1*) is available to all staff via Q-Pulse System/public on request. The contact details are;

Ms Paula Day, Risk Manager, Tel.: 01 878 5461/ 01 878 4720/01 878 4504/01 878 1801
